

Dipartimento di Scienze dell'Ambiente e della Terra (DISAT)
Università degli Studi di Milano Bicocca

Seminari Web di Area Biologica

Giovedì 11 Marzo 2021, ore 12.30-13.30

Isabella Gandolfi (BIO/19)

"Ecological roles and functions of animal and plant-associated microbiomes: some potential applications"

<https://unimib.webex.com/unimib/j.php?MTID=m4c400653e6478dd5e079e2f45415e020>

password: UNwC4umZW47

Martedì 16 Marzo 2021, ore 12.30-13.30

Simone Montano (BIO/07)

"The reefs of tomorrow: impacts and solutions"

<https://unimib.webex.com/unimib/j.php?MTID=m45732cf9d99560a8eea35b2c3921317f>

password: p23tFPs7hHa

Giovedì 18 Marzo 2021, ore 12.30-13.30

Maurizio Gualtieri (BIO/06)

"Air quality and sustainability of life environments: new in vitro toxicological perspectives"

<https://unimib.webex.com/unimib/j.php?MTID=m00247f01b424b2617cfc1e59f45ba6bf>

password: 7aFtn2VwHa8

Martedì 23 Marzo 2021, ore 12.30-13.30

Davide Seveso (BIO/07)

"Seeking resistance in coral reef ecosystems: cellular aspects of the coral stress response in a changing climate"

<https://unimib.webex.com/unimib/j.php?MTID=md47540b0278de543801162f132572ac9>

password: mzGWGSKC968

Giovedì 8 Aprile 2021, ore 12.30-13.30

Rodolfo Gentili (BIO/01)

"Plant sciences in a changing environment: Invasive alien species as key driver"

<https://unimib.webex.com/unimib/j.php?MTID=mcd78475498d8f4efbc2b9391c51e3f61>
