

**Ph.D. PROGRAM in CHEMICAL, GEOLOGICAL, AND ENVIRONMENTAL SCIENCES**

**FINAL DISSERTATION – XXXV CYCLE**

**ENVIRONMENT CURRICULUM**

**Wednesday May 3<sup>rd</sup> - 14.30 - Aula Sironi (U4-8)**

**VALERIO ISA**

**"Plastic pollution in coral reefs: interaction patterns between primary and secondary micro and nano plastic particles and tropical corals in controlled environments"**

**ENRICO MONTALBETTI**

**"Coral bleaching mitigation from a cellular and molecular perspective"**

**SARA VENCATO**

**"Microplastics and phthalate esters: presence and interactions in overlooked benthic anthozoans used as tracers of plastic contamination"**

**Webex link for attendees:**
