

University Milano - Bicocca

**Ph.D. Course in Chemical, Geological and
Environmental Sciences**

Chemical Curriculum

FINAL DISSERTATION - XXXVII CYCLE

Thursday January 23, 2025 - 14:00

Aula Marchetti

Amedeo Manuel Cefali

Systems and technologies for the implementation
of Proficiency Tests applied to gaseous micropollutants

Emmanuel Cruz Muñoz

Geochemical study of pyrite persistence in the sedimentary
records

Monday January 27, 2025 - 10:00

Aula Marchetti

Simona Petroni

Polysaccharides derived from biomasses for the development of
innovative materials

Anita Zucchi

Sustainable Photoactive & Theranostic Probes: Design, Synthesis
and Development for Advanced Biomedical Applications
